### **NATIONAL SERVICE SCHEME**

**A.V. PAREKH TECHNICAL INSTITUTE, RAJKOT**

#### **A Report on model making regarding health awareness**

**NSS Unit Name/College Name:** *A.V.PAREKH TECHNICAL INSTITUTE, RAJKOT*

**Event NAME:** *Model making regarding health awareness*

**Event Date, Time and Location:** *07/11/2023, Biomedical Department, AVPTI*

#### **Description of the Event:**

A model making was arranged in A.V.Parekh Technical Institute on 07-11-2023 regarding health awareness. Students created biology models were hands-on, interactive way to raise awareness about various scientific topics, including human health, environmental issues, and the importance of biodiversity. Students also highlight the importance of healthy lifestyle choices on system functionality, demonstrating how habits like diet, exercise, and avoiding tobacco impact bodily systems. The models depicting specific ecosystems before and after the impacts of climate change, highlighting changes in biodiversity, habitat loss, or shifts in species distribution. Biology models aware combine creativity with education, making them powerful tools for communicating complex scientific ideas and fostering a more informed and conscious society.
