### Event Report

---

#### Brief Report on "NDLI CLUB Awareness Session."

##### **Detail Description of Event:**

The NDLI (National Digital Library of India) Club Awareness Session was held on 14 March 2024 at Lab 7 IC Department, with the aim of introducing students and faculty to the extensive digital resources available through the NDLI platform. The session was organized to encourage the establishment of an NDLI Club at AVPTI, promoting the use of digital libraries as a key resource for learning and research.

The primary objective of the awareness session was to familiarize students and faculty with the National Digital Library of India's vast repository of educational resources, and to demonstrate how these resources can be utilized for academic purposes. It also aimed to highlight the benefits of forming an NDLI Club, which would provide a structured platform for students to access, explore, and share knowledge.

The session was attended by students, faculty members. 50 students of semester 2<sup>nd</sup> and faculties of IC Dept attend the session. The session was conducted by Ms. Ripal M. Pathak , NDLI CLUB Committee member.

##### **Outcome of the event:**

**Increased Awareness:** The session significantly increased awareness about the NDLI platform, with many participants expressing interest in regularly using the resources for their studies and research.

**Enhanced Digital Literacy:** The session highlighted the importance of digital literacy in today's academic environment, with participants showing eagerness to explore digital tools for enhancing their learning experience.
