REPORT ON

Essay competition on

"Effects of Climate change"

June 2022

'Azadi na Amrut Mahotsav' is a series of events organized by the government of India to commemorate the 75th anniversary of Independence. The mahotsav will be celebrated as peoples' movement across the country.

Gymkhana committee / N.S.S committee and Electronics & Communication engineering department had organized an e-campaign for Prohibition of liquor by students of the department to spread awareness on effects of alcohol on lives of people.

NAME OF EVENT: Essay competition on "Effects of Climate change"

EVENT DETAILS:

An Essay competition was organized by the department on Effects of climate change. Students were motivated for maximum participation and registration was done using Google form. Nearly 30 students had registered and 23 students had taken part in the competition.

DATE: June 2022

THEME: Environmental Awareness

VENUE: - Communication 3 Lab; EC department

EVENT CORDINATOR: - Mr. D.K.Kataria , **Co-Cordinator:-** Ms. K.V.Shingala

Brief description of event:

- Climate change in recent era has become a great concern as it is the greatest threat for future of our globe. Its cause, effects and prevention have become utmost important to understand for the survival of humans as well as other species.
- To create awareness of its impact, Electronics & Communication department along with Gymkhana/NSS had organized an Essay competition on **Effects of climate change** for the students of all semesters. A Google form was prepared for students to participate in the event.
- Students were permitted to write an essay in Hindi, Gujarati or English.
- Essays were judged by the faculties of the department Ms. R.B.jani & Ms. M.S.Solanki and first three rankers were given the certificates.

Outcome of Event:

- Students get aware of the causes and effects of the climate change and with this they would learn to make optimum use of the natural resources.
- Students are the future of our globe and hence, their consciousness can make a significant difference in our efforts to protect an environment.
