→ Objective of the Program

The objective of the Entrepreneurship Awareness Program was to motivate students towards entrepreneurship, create awareness about self-employment opportunities, and familiarize them with various training and support initiatives provided by the Centre for Entrepreneurship Development (CED).

→ **Program Details**

The Computer Engineering Department of A.V. Parekh Technical Institute, Rajkot successfully organized an Entrepreneurship Awareness Program on 27 January 2026. The session was conducted by Ms. Komal Mehta, Executive – CED, Rajkot Region, who shared valuable insights on entrepreneurship, startup culture, government support schemes, and skill development training programs offered by CED.

During the session, the resource person explained the importance of entrepreneurial thinking, career opportunities beyond traditional jobs, and the role of innovation in today's competitive environment. Students were also informed about various training programs, financial assistance, and mentorship support available for aspiring entrepreneurs.

→ **Participation**

A total of 58 students from the Computer Engineering Department actively participated in the program. The students showed keen interest throughout the session and enthusiastically interacted with the resource person by asking questions related to startup ideas, training programs, and career guidance.

Outcome of the Program

- Students gained awareness about entrepreneurship and self-employment opportunities.
- Participants were motivated to explore entrepreneurial careers and skill-based training programs.
- Many students expressed enthusiasm and willingness to participate in similar entrepreneurship training programs in the future.

→ **Outcome**

The Entrepreneurship Awareness Program was highly informative and motivating. It successfully inspired students to think innovatively and consider entrepreneurship as a viable career option. The session concluded with a vote of thanks to the resource person for her valuable guidance and to the organizing team for the successful conduct of the program.
